## INTERVIEW SUMMARY

Applicant's undersigned representative spoke with the Examiner on August 2, 2007 concerning the advisory action mailed July 3, 2007 (*Advisory Action*). In the aforementioned *Advisory Action*, the rejection of all the pending claims was maintained as being unpatentable over Bizarre Creations (*Project Gotham Racing Manual*) in view of MobyGames (*RoadBlasters*). The Applicant's representative had previously and timely presented a declaration under 37 CFR §1.132 (*Declaration*) as to why *RoadBlasters* does not disclose certain elements of the Applicant's claimed invention, specifically that *RoadBlasters* does not disclose "a visual string of path markers."

In the interview, the Examiner stated that he *had* considered the *Declaration*, but that he did not consider the *Declaration* to be persuasive in distinguishing the "fuel spheres" described in *RoadBlasters* from the "path markers" claimed in the Application. The Examiner provided no support or discussion with respect to that conclusion.

## CONCLUSION

If the Examiner has any questions regarding the present application or other issues that might be expedited through a telephone conference rather than a written action, the Examiner is invited to contact the Applicants' undersigned representative at the number provided below.

Respectfully submitted,  
Scott Campbell
